

LOYALTY PROGRAM

It's finally here! All points are tracked electronically in our database. These points can be accumulated and used towards purchases. This program is FREE, and presented as a courtesy to our guests.

How do I get started?

Simply complete a registration form (*active email account required*), and turn it in at our front desk. It is that simple! Some guest might have already completed this form prior to the program. Make sure you double check with the front desk on your next visit that we have the correct email on file. You will begin earning points immediately. Points are accumulated through everyday transactions. In fact, we will give you 200 points just for enrolling!

How much are my points worth?

100 points = \$1. Points are credited to your account in our database to be redeemed towards services and retail purchases.

When can I use my points?

You can use points at any time once you accumulate 2000 points (\$20 value).

Don't waste another minute! Sign up today and start earning!
